Action Taken Report for IQAC Meeting held on 29.11.2022 for A.Y. 2022-2023

Sr. No	Agendas	Action Taken
01	To discuss about building healthy research environment in the college.	o Enhanced access to research resources, including databases, journals, and research tools, to support faculty and student research activities. o Introduction of initiatives to promote a strong research culture, including regular research forums, seminars, and colloquia where faculty and students present their work and engage in academic discussions.
02	To discuss about collaborations and international tie ups.	o Participated in and hosted workshops to build networks with global experts and explore potential collaboration opportunities.
03	To discuss about organization of FDPs in college and finalize a budget for the same.	o Designed a comprehensive Faculty Development Program (FDP) focusing on advanced teaching methodologies, research skills, and emerging trends in architecture. This includes workshops, training sessions, and seminars led by experts in the field. o Developed a detailed budget for the FDPs, including costs for facilitators, materials, venue arrangements, and other logistical expenses.
04	To discuss about documentation regarding NAAC.	o Conducted a thorough review of existing documentation and processes to ensure alignment with NAAC accreditation criteria. Identified and addressed any gaps or inconsistencies in the documentation. o Prepared detailed reports and documents required for the NAAC accreditation process, including data on academic performance, research activities, infrastructure, and student support services.
